

CHATEAU DE PEZ 2014

Can you smell those complex notes of spices and red fruit?

The wine is long on the palate with silky, elegant tannins. Do you sense those notes of liquorice, black fruit and ripe, juicy strawberry?

The conditions were optimal during flowering in June. After a gloomy July and August, a splendid Indian summer proved to be the architect of this classic, promising vintage. The harvest was long, starting on the 22nd of September and lasting until the 10th of October.
